THEATRE

In this interactive exhibition, communities explore the rich heritage and shared history of East London's Olympic boroughs, from 1948 to the present, capturing change in stories, pictures and memorabilia.

The Big Blue Fence Interactive Installation is a scale model based on a section of the 2012 Olympic site fence and showcases the work of Immediate Theatre's Big Blue Fence Project.

The Big Blue Fence visits Waltham Forest following a successful residency at Hackney Museum. Share the discoveries made in Hackney and be inspired to learn more about the heritage of your own community.

Throughout the exhibition workshops will take place to create new work for display in the installation. For more information about public workshops contact Immediate Theatre on 020 7012 1677.
